WORK EXPERIENCE

Analyst Programmer
Xceedance

07/2019 – Present   *Gurugram, Haryana*

Xceedance is a global provider of strategic operations support (SOS), which includes consulting, managed services, data sciences, and technology across the entire insurance life cycle.

Responsibilities

- My work broadly includes identifying opportunities, feasibility study, solution design, development, testing and production deployment.
- Developing end to end automation solutions for clients as per requirement using Desktop, Web, and Cognitive automation.
- Extensive experience in JAVA & J2EE.
- Writing code for customized behaviors/complex functions using Java.
- Implemented Workfusion's OCR (Abby) to convert images and PDFs to extract relevant information from them.
- Troubleshooting issues in the application.
- Providing Production Support for already live BOTs.

EDUCATION

Bachelor of Technology
Dr. APJ Abdul Kalam Technical University

08/2013 – 07/2017   *Bareilly*

Specialization

- Computer Science and Engineering

Intermediate
Air Force School

04/2012 – 03/2013   *Bareilly*

Specialization

- Mathematics
- Computer Science

High School
Air Force School

04/2010 – 03/2011   *Bareilly*

TECHNICAL SKILLS

Skill	Level
Robotics Process Automation	●●●●●
Workfusion	●●●●○
UiPath	●●●○○
Java	●●●●○
HTML	●●●●○
CSS	●●●●○

PROJECTS

Policy Issuance (03/2019 – Present)

- Solid design, coding, testing and maintaining the RPA's (Robot's).
- Used Abby's OCR to convert image - based PDFs.
- Extraction of relevant information from PDFs by writing complex regular expressions.
- Automating applications like MS Excel, Outlook, Internet Explorer, Google Chrome etc.
- Identification and debugging of the errors using Error Handlers.

MSL (10/2018 – Present)

- Extraction of information from Microsoft Excel and feeding it into a window application.
- Implemented task scheduler to update all the information on daily basis.
- Sending emails post completion of the process to inform business team.

Acord Forms (09/2019 – Present)

- Implementation of Workfusion's Machine Learning Model.
- Creation of attributes which are to be extracted from unstructured PDF Documents.
- Tagging of relevant data from the PDF documents to improve the accuracy of the model.
- Training the model with accurate data to improve accuracy.

AWARDS

Rising Star Award
Received this award for excellent performance from the CTO of the organization.

Contributer
For implementing a ML Model to extract unstructured information from documents in the Hackathon organised by Xceedance.

INTERESTS

Web Designing   Playing mobile games   Reading   Gyming
